

The Shapeys® Environmental Policy

Shapeys Education (Pte) Limited wishes to operate as a responsible company and minimise any harm to the environment which may be caused by its business activities.

We readily accept that we are not experts in this area and we have already taken advice and integrated that advice into our operations.

Here are some of the things we have already done:

Our Products

Shapeys Education (Pte) Limited has included basic environmental concepts into the educational books we supply, teaching the next generation environmental concepts.

All of our books carry a “please recycle logo.”

We have sourced our paper products from responsible suppliers who have provided and demonstrated certificated sourcing and recycling.

Our packaging, cartons and pallets, are sourced from responsible suppliers who have provided and demonstrated certificated sourcing and recycling.

We only print to order and minimize stocks to sample packs only.

We offer a soft version electronic sample pack as an alternative to a hard copy.

Our catalogue is a downloadable soft version and not hard copy.

Our lesson plans, answer pages, MP3 files, song sheets and fun activities, are all available as downloadable soft versions from the website.

At Shapeys Education (Pte) Limited we have developed electronic ebook versions of our reading products and we are working towards supplying our range through this new, less damaging to the environment, sales channel.

Our Company

Shapeys Education (Pte) Limited uses the internet to store the vast majority of its documents.

Shapeys Education (Pte) Limited often sub-contracts individuals and companies to assist in various aspects of its business. Communication between these companies and the Shapeys Education (Pte) Limited company is electronic and not via paper.

Our attendance at book fairs is strictly limited to avoid the carbon footprint created by flying to the fairs.

Summary

We are a small company that is trying to grow, but grow responsibly. If you have any suggestions as to how we may improve our environmental policy, or any actions or ideas you may wish to suggest to us, please contact us on info@shapeys.com. We hope to hear from you soon.
